

**INTEGRATIVE MEDICINE IS
FOCUSED ON HELPING YOUR PET
REACH THEIR FULL
FUNCTIONAL POTENTIAL.**

Through various techniques, therapeutic exercises, and manual intervention we can improve your pet's strength, mobility and range of motion, relieve pain, and prevent injuries in an environment that makes your pet feel safe and comfortable.

OUR INTEGRATIVE MEDICINE PROVIDERS

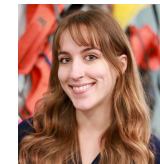

Ginger Jones, CCRP

A Cincinnati native, Ginger has a passion for working with animals. She is a Certified Canine Rehabilitation Practitioner (CCRP) trained at the University of Tennessee.

Caitlin Schmidt, DVM, CCRP, CVA

Through her love of animals, Dr. Schmidt focuses on a holistic, multimodal approach to care. She obtained her DVM from Virginia-Maryland College of Veterinary Medicine and completed her CCRP at the University of Tennessee.

Aspeyn Langhals, CCRA

Aspeyn has been with Care Center's Integrative Medicine team as an Assistant since 2021 - and as the department has grown - Aspeyn has grown with it. She went on to obtain her Certified Canine Rehabilitation Assistant (CCRA) certification from Canine Rehabilitation Institute in 2023.

INITIAL APPOINTMENT

Your first appointment will consist of a comprehensive rehabilitation evaluation as well as treatment planning. This appointment will last approximately 60 minutes, and the team will take measurements, discuss your goals for your pet, and make recommendations for the rehabilitation plan.

FOLLOW-UP APPOINTMENTS

We make caring for your pet easy. Weekday and drop-off appointments are available. The frequency of treatments will be discussed after initial evaluation of your pet has been completed. Please call for availability.

The Integrative Medicine Department at Care Center Cincinnati evaluates each patient to create an individual treatment plan. Call 513.530.0911 to schedule your consultation today!
